

Design your own LOVE Stamp

scottsdale

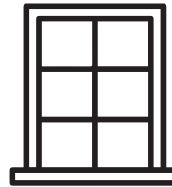

In 1965, the Museum of Modern Art in New York City commissioned Robert Indiana to design its Christmas card. He submitted *LOVE* in four color possibilities, and the museum selected the red, blue, and green versions. Embraced by the public as an emblem of counterculture for peace and freedom, *LOVE* proliferates even now on unauthorized commercial products.

You may design your *LOVE* Stamp using the word “love” in a different language. There are 10 examples below:

1. **Arabic** — حب — “hub”
